LIQUID MULTI

❖ **Liquid Multi** - We evaluated some of the industry's most popular liquid multiples for stability, taste and nutritional diversity and knew that we could do better. With this in mind, we spend months making our new Liquid Multi the most complete liquid vitamin and mineral supplement on the market. It has a fresh citrus flavor, is completely suitable for vegetarians and unlike some other liquid multiples, contains no artificial colors or flavors and contains one of the most complete nutritional profiles available.

ADAM™

❖ **ADAM™** - NOW's team of nutritionists worked feverishly to make ADAM™ superior to every other male formula on the market. In addition to boasting one of the strongest profiles of vitamins and minerals, ADAM™ is iron-free and jam-packed with some of the most beneficial male-supporting compounds including Saw Palmetto, Panax Ginseng, ZMA®, Lycopene, CoQ10, Grape Seed extract, Nettle, Kelp, Boron and 5 powerful digestive enzymes. ADAM™ offers complete male nutritional support in one convenient formula.

EVE™

❖ **EVE™** - The nutritional needs of today's active woman easily exceeds what many other multiples offer. Not this one, though. EVE™ was formulated to pick up where other female formulas had left off. This perfectly-balanced formula contains generous potencies of 38 of the most important female-supporting nutrients including vitamins, minerals, herbs, antioxidants, plant enzymes and soy isoflavones. For added convenience, NOW has made this unique formula available in high-potency tablets and VCaps®.

ECO-GREEN MULTI

❖ **Eco-Green Multi** - Green foods are naturally-rich in some of the healthiest energy-producing compounds on the planet. NOW® Eco-Green Multi is a super high-potency multiple formula that contains a generous base of green food extracts such as Spirulina, organically-grown Barely and Wheat Grass, Alfalfa juice concentrate and others. In addition, NOW has included an impressive profile of vitamins and minerals, antioxidants, digestive enzymes, trace minerals and amino acids.

TRUE BALANCE™

True Balance™ from NOW was specially formulated based on years of research and clinical experience. It provides a full complement of essential nutrients and minerals such as Chromium and Vanadium to help support energy production and cellular metabolism.
