TROUBLESHOOTING

7

SYMPTOM	CAUSE	SOLUTION
Diffuser not operating	USB cable not connected	Connect the USB cable to PC.
	Not receiving enough power	Check USB port power supply. Do not use splitter.
No, Low or Unusual Scent	No or low power	Connect the USB cable to PC.
	Room is too large	Recommended coverage is up to 400 sq. ft.
	Not enough oil	Oil strengths vary; we recommend 15 drops but more may be used if preferred. (Do not overfill glass oil dish.)
	Not cleaning the diffuser when changing oils	Oils can leave behind some aroma. Follow cleaning instructions when changing to a new oil or every few uses for best results.

CAUTION: Keep out of reach of children and pets. Do not use on wooden or painted surfaces that can be damaged by essential oil. Keep the unit upright at all times. Do not tilt unit at any time as water may spill and damage furnishings and fabrics.
